—The tonic and alterative properties of Ayer's Sargaparilla are too well known to require the specious aid of any exaggerated or fictitious certificate. Witnesses of the marvelous cures effected by this preparation are today living in every city and hamlet of the land.

al,lm NELSON BRUNTS.

CUM-US, INN-IT.

The Boston Journal wants to know why the Mills bill contains such discrepancies as these:
 Louisiana sugar... 68 per cent duty
 Southern rice... 100 1/2 per cent duty
 Northern lumber... no duty
 Northern wool... no duty
 Northern salt... no duty
 Northern beans and peas... no duty
 Northern vegetables... no duty
 Northern flax (not dressed)... no duty
 Northern lime... no duty

The South must be kept solid, no matter at what sacrifice of consistency in the party or its measures. Besides, what's the use of controlling the policy of the Government unless you can trim it to suit your own interest? That's the Southern reasoning.

The Record Broken.

S. W. Peirce, of San Francisco, broke the Coast record yesterday in throwing the 14 pound hammer at the Caledonian picnic. He threw it 117 feet, 10 1/2 inches. The old record was about 90 feet.

—All the rest of the State is laughing at San Francisco. She wasn't satisfied with her school census, supposing that the number of school children was not brought out large enough. So a new census has been taken, and the result is a falling off of over 18,000 as compared with the rejected census. If the later enumeration be accepted, the city will get about \$150,000 less State school money than was anticipated. There has evidently been a great deal of loose work in the taking of the school census at San Francisco. The last enumeration gives a total only 3,000 greater than that of 1881, although San Francisco has added largely to her population an extent during the interval.

—The wires are burdened with tidings of Democrats who will vote for Harrison and protection. A prominent member of the Labor party in New York predicts that at least 100,000 Democrats, chiefly Irish-Americans, will vote the Republican ticket this year in the State of New York. Is there anything surprising in such an expression? The wonder is that native-born Americans (not to speak of citizens of Irish birth), can be found willing to throw the markets of this country open to England, at the expense of American industry.

—Mrs. O. W. Ward wife of the cattle king and sister of Herbert Lindsey of the St. Charles of this city, broke her arm at the Bellevue House, Lake Tahoe Thursday by falling down a step.

—Gambling games were run at the Caledonia picnic for children who were allowed to make five cent bets. This thing is an outrage and ought to be stopped.

—There is talk of having another election on the Crawford plan.

It was tried once before in this county and seemed to give general satisfaction.

—The Carson Valley farmers will be in full force to the District Fair this year and bring a big lot of exhibits.

EX-SENATOR FAIR.

On Friday afternoon in San Francisco S. Eisfelden, manager of a weekly newspaper called the Enterprise called on Ex-Senator James G. Fair, and informed him that he had an article prepared reflecting on the Ex-Senator's private life, and for the small sum of \$5,000 he would suppress the article, whereupon the Senator, not stopping to consider the proposal, immediately countered on the young man's nose knocking him in a corner. Eisfelden tried to draw a revolver but was unable to do so owing to Fair's resuming the attack and the man made a hasty retreat from the office assisted by the clerks who kicked him all the way down the line.

Everyone in the country will shout "Tally one for Fair."

The fate of Eisfelden will have a good effect on the miserable blackmailing craft who prey on private character in San Francisco and demand hush money for silence.

Fair deserves the thanks of the community for his act.

Rentz-Santley.

The Rentz-Santley novelty troupe will appear at the Opera House on next Wednesday evening. The troupe of women is headed by "Sara, the high-kicker," and that the combination will draw is indicated by the fact that a party of gentlemen (mostly married) has already engaged the first row of the dress circle. The programme includes the latest Parisian burlesque "Adam and Eve," also, "Toe-bogganing," and specialties by members of the company. Box sheet open at Tolbriner's.

The Bellevue House.

The boat will run as follows until further notice:

From Tahoe city to McKinney's, Sunbeam, Emerald Bay, Tallac, Cascade House and Glenbrook, leaving Tahoe city after the arrival of the stage. It then leaves Glenbrook or the Incline, Hot Springs and Tahoe city.

People wanting to reach the Bellevue House can find a conveyance at Tahoe city to take them there the same night.

A Frightful Hatecraft.

NEW YORK, Aug. 3.—Thirteen people were burned to death in a six story building in the rear of 197 Bowery this afternoon, and six more were burned so badly that they will probably die. The house was occupied by Polish Jews who worked in the building in making up clothing. The fire started on the first floor of the building and was caused by the explosion of a can of oil.
